

The Bayern High Adventure Camp will return to conduct the 2010 Camp Season and we need your help!

The return of Bayern essentially adds a “new camp” to our summer programs and we will need to purchase the typical programmatic equipment that a camp needs: Archery equipment, Shooting Sports equipment, Scoutcraft, Nature/Ecology, Aquatics, and more.

We want to keep the camp fees at a reasonable level as much as possible. We can do this by asking for your sponsorship of the necessary equipment that will be purchased through this PROJECT SUPPORT FUND.

Once the equipment is secured it will be designated for BHAC use for future years, and you can then be proud to know that your support helped to bring back the BHAC...the best summer camp in the BSA!
